

About ThinSoft by Unique Systems, Inc.

Powerful. Affordable. Integrated.

ThinSoft is the fastest growing software in the YMCA community. With fully integrated capabilities—membership, programs, accounting and billing—it's the powerful, affordable alternative to legacy, limited and overpriced software.

Why are YMCAs Choosing ThinSoft?

- On Premise or in the Cloud
- Fullest breadth and depth of applications
- Customizable to fit your specific needs
- One database – “single source of the truth”
- Consistent and intuitive user interface
- User defined “behavior” settings
- Choose how you want to deploy
- Low cost yet robust

With ThinSoft, you choose how you want to deploy the software.

Choice 1: Buy ThinSoft and run on premise at your YMCA

Choice 2: Buy ThinSoft and host in our Network Operations Center (NOC)

Choice 3: Rent ThinSoft and host in our NOC

The ThinSoft Difference

- More than 4,000 organizations trust us with their technology needs.
- We know technology. Our 100+ employees deliver unparalleled expertise.
- We are the technology experts so you don't have to be.
- We are technology advisors who excel at software development.
- We believe technology should be a part of your business plan.
- We believe technology is an investment.
- We believe ThinSoft supports the mission of your YMCA.
